

Girl Scout Day @ the Arboretum

Thank you for joining us for the first ever Girl Scout Day @ the Arboretum. There are five activities for girl scouts to complete throughout the gardens. Complete an activity to get a punch on your punch card. Once you have completed all the activities, return to the Girl Scout Table to receive a commemorative pin. You must complete every activity to receive your pin.

Flower Station

Discuss the benefits of flowers and the various flowers found at Klehm Arboretum. Then complete a flower scavenger hunt.

Geocaching

Parents and troop leaders must initial this activity for completion. Download the Geocaching app to find 1 of 2 geocaches located at Klehm Arboretum using Geocaching.com and a mobile device. Use the geocaching information sheet for help.

Bug Station

Discuss the different parts of bugs and complete a fun ant craft to receive your punch.

Tree Station

Discuss and learn about the parts of trees. Then use this knowledge to label the parts of a tree at Klehm.

Hiking

Discuss proper hiking gear and safety. Examine some of the hiking trails that Klehm has to offer.

For any questions, visit the Girl Scout Table
